## **2020 CORVETTE**

### **2020 Corvette**

Revealed to the public on July 18<sup>th</sup>, 2019, the new 2020 mid-engine Corvette is already making waves in the automotive world. With a base price of only \$60,000 and sub 3 second 0-60 performance, the new Corvette will compete head to head with the best performance cars of the world-at a fraction of the price. A Corvette tradition since 1953.

Not scheduled to start production until November, a pre-production car will be shown at the Corvette Spectacular car show in downtown Los Altos on Sunday September 22, 2019. The show is free to the public.

This rare public viewing of the new 2020 Corvette is made possible by the generous support of Chevrolet of Stevens Creek.

Welcome to the next generation Corvette!
